FULL YEAR 2015

RYDER IS A FORTUNE 500 COMPANY WITH

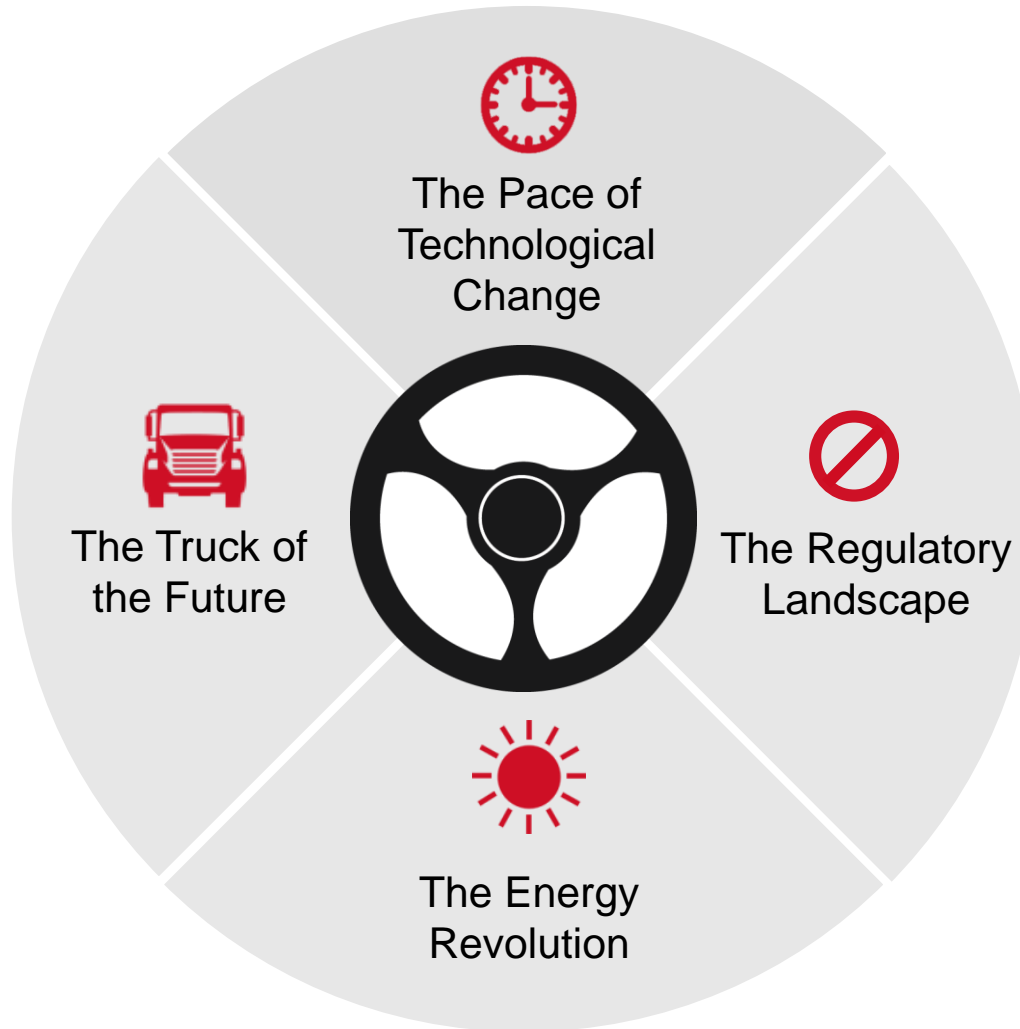

\$	6.6 Billion	ANNUAL REVENUE ⁽¹⁾
\$	327 Million	COMPARABLE EARNINGS ^{(1) (2)}
\$	11 Billion	ASSETS
	231,900	VEHICLES
	40 Million	SQUARE FEET OF WAREHOUSE SPACE
	33,100	EMPLOYEES

(1) These amounts result from continuing operations.
 (2) Net Earnings from Continuing Operations are \$306 million.

Why Sustainable Freight Corridors Matter-

- Transportation drives the economy
- Efficiency across all elements are needed to truly create sustainability.
- The industry should strive for efficiency gains as opposed to waiting on mandates and regulations.
- There is great variability across duty cycles and industry segments, so a 'one size fits all' approach doesn't work.
- Collaboration, an overarching strategy, and long-term planning and commitment are key!

Paths toward Sustainable Clean Freight Corridors

Technology without collaboration won't get us there!
